MILITARY MAKEOVER

ZIEGLER FAMILY

The best part of every makeover is when we get to grant the family some of their wish list items. The Ziegler's had a home with minimal furniture as they were new to the home and had hand me down pieces to get by. They wished for furniture that could host family and friend "get togethers."

I am happy to say that the wish came true from the help of our friends, Coaster Fine Furniture. They provided most lovely sectional that was made of performance fabric so it could feel light and bright but hold up to such a young family.

The only furniture we kept from the original Ziegler home was their dining table, which was a custom gift by a family member. We noticed that the beautiful table needed chairs to match, so Coaster provided them chairs to fit the rest of the homes style of modern farmhouse. Tufted chairs mixed an elevated style with the rustic table.

And to make it feel even more like home, Coaster helped me deck out EVERY room with furniture! I loved mixing wood styles and colors as well as with matte black metals because it is what adds depth to the space. It becomes textural but the matte black adds the sense of casual modern.

Family means a lot to the Ziegler's, so I created a large gallery wall of images that made the space feel like a home. The style of the Ziegler home is all about layers, textures, mixing up furniture sets and a love story to stained wood.

MILITARY MAKEOVER

Jennifer's notes

Inspiration for this makeover was

- *Rustic Farmhouse*
- *Touches of Coastal & Bohemian Elements*
- *Texture*
- *Soft Femininity*

Before each makeover starts, Jennifer takes the time to sit down with the family to discuss what their “wish list” is for their home—and their needs.

After this, she talks with them about how they want to feel in their home. As well as what colors and design elements they would like to see in their home.

"This is absolutely more than we could have ever envisioned. It's overwhelming because it's just so perfect. The emotion that is in my heart right now is gratitude. It's unbelievable what we have experienced over the last several months."

—Kristie Ziegler

"This is a once in a lifetime experience, and well, it was a huge blessing. I am very sad it's over. I'm excited to get to enjoy everything that happened but I think we will get to experience it from the other end and I think that side is probably even more rewarding."

—Justin Ziegler
